*Product complies with NSF/ANSI Standard 61 Annex G, NSF/ANSI Standard 372 and conforms with lead content requirements for “lead free” plumbing as defined by California, Vermont, Maryland, and Louisiana state laws and the U.S. Safe Drinking Water Act that went into effect January 2014.
As noted, valves shown on the preceding pages comply with the applicable standards listed below for design, materials, and testing. KITZ valves are manufactured in ISO 9001 Certified production facilities. As the first valve manufacture ISO 9000 certified you can be assured that you are receiving valves of the highest quality and unparalleled service.

**MANUFACTURERS STANDARDIZATION SOCIETY (MSS) of the Valve and Fitting Industry, Inc.**

- **SP-25** Standard Marking System for Valves, Fittings, Flanges and Unions
- **SP-67** Butterfly Valves
- **SP-70** Cast Iron Gate Valves - Flanged and Threaded Ends
- **SP-71** Grey Iron Swing Check Valves, Flanged and Threaded Ends
- **SP-72** Ball Valves with Flanged or Butt-Weld Ends for General Service
- **SP-80** Bronze Gate, Globe, Angle and Check Valves
- **SP-85** Grey Iron Globe & Angle Valves, Flanged and Threaded Ends
- **SP-110** Ball Valves Threaded, Socket-Welding, Solder Joint, Grooved and Flared Ends

**AMERICAN PETROLEUM INSTITUTE (API)**

- **API 607** Fire Test for Soft Seated Quarter-Turn Valves
- **API 609** Butterfly Valves: Double Flanged, Lug- and Wafer-Type

**3rd PARTY CERTIFICATIONS***

**CSA INTERNATIONAL**

- **CGA 9.1b-2006/ANSI Z21.15b-2006:** Manually Operated Gas Valves For Appliances, Appliance Conector Valves And Hose End Valves
- **CGA requirement CR91-002:** Manually Operated Gas Valves For Use On Piping
- **CAN/CGA-3.16-M88:** Lever Operated Non-Lubricated Gas Shut-Off Valves
- **ASME B16.33-2002(R2007):** Manually Operated Metallic Gas Valves For Use In Gas Piping Systems Up To 125 psig (¼” thru 2”)  
- **ASME B16.44-2002(R2007):** Manually Operated Metallic Gas Valves For Use In Aboveground Piping Systems Up To 5 psig.

**UNDERWRITERS LABORATORIES**

- **ANSI/UL125:** Valves for Anhydrous Ammonia and LP-Gas (other than Safety Relief)  
  - YSDT - LP-Gas Shutoff Valves, Maximum Working Pressure 250 psig
- **UL Subject 258:** Outline of Investigation for Shutoff Valves for Trim and Drain Purposes
  - VQGU - Valves, Trim and Drain, 175 psig Max.
- **UL 842:** Valves For Flammable Fluids
  - YRBX - Flammable Liquid Shutoff Valves, Maximum Working Pressure 250 psig
  - YRPV - Gas Shutoff Valves, Maximum Working Pressure 250 psig
- **UL 1769:** Cylinder Valves
  - YQNZ - Compressed Gas Shutoff Valves, Maximum Working Pressure 250 psig

**FM APPROVALS**

- Classification No. 1140 - 175 psig (1205 kPa) rated working pressure

**ANSI / NSF 61 & 372 - Drinking Water System Components**

All KITZ LEAD FREE products comply with NSF/ANSI Standard 61 Annex G, NSF/ANSI Standard 372 and conform with lead content requirements for “lead free” plumbing as defined by California, Vermont, Maryland, and Louisiana state laws and the U.S. Safe Drinking Water Act that went into effect January 2014.

*This cross reference chart is provided for the convenience of our customers. Valves listed may not be identical in design, materials of construction or basic pressure rating. KITZ catalogs and those of other valve manufacturers should be consulted for complete details.*
TERMS & CONDITIONS

ACCEPTANCE
All quotations are for acceptance within 30 days from date of quotation unless extended in writing. In the event a purchase order is placed after this time, the Seller’s company reserves the right to requote prices of all valves offered. All orders and contracts are subject to credit approval and acceptance by KITZ.

FREIGHT
All materials will be shipped F.O.B. point of shipment - no freight allowance unless otherwise stated and agreed upon with the Buyer.

PRICES
There will be added to all prices quoted any sales, excise, or similar tax which Seller may be required to collect on or in connection with the sale. Seller reserves the right to cancel any order in the event that selling prices shall be established by Federal, State or other governmental regulation with respect to the products covered by the order which shall be lower than the prices specified in the order.

ESCALATION TERMS
Prices shown in this price schedule reflect the costs in effect at the time of publication. These prices will remain firm on all products with a quoted delivery of twenty six (26) weeks or less. On products with a quoted delivery of more than 26 weeks, the Seller has a right to price and invoice at the applicable price sheet in effect at the time of shipment. In no event will the invoiced price be less than price originally quoted.

DEFERRED SHIPMENTS
If for any reason the Buyer desires to delay shipments more than 30 days after manufacturing or to place a hold or to stop the order during the manufacturing cycle, the Seller’s company reserves the right to consider the order cancelled and to invoke cancellation charges.

CREDIT TERMS
As quoted. Overdue balances will be subject to 1.5% service charge per month on such indebtedness.

DELIVERIES
Shipments made to the Buyer shall at all times be subject to the approval of Seller’s Credit Department. All schedules of shipments are estimated as closely as possible and Seller will use its best effort to ship within the time schedule but does not guarantee to do so. Seller shall not be liable for any direct, indirect, or consequential damage or loss caused by delay in delivery, regardless of the cause of delay. Items offered from stock are subject to prior sale.

RETURNS
No returns are allowed without prior arrangements made with the Seller. Product considered for return must be in new, resalable condition and of current design.

WARRANTY
Seller will replace without charge or refund the purchase price of products manufactured by Seller which prove to be defective in material or workmanship, provided in each case that the product is properly installed and is used in the service for which Seller recommends it and that written claim, specifying the alleged defect, is presented to the Seller within one year from the date of shipment. For Copper Alloy and Iron valves sold and installed in the U.S. the warranty* is five years. Seller shall in no event be responsible for claims of A) labor, expenses, or other damages occasioned by defective parts or products or for B) consequential or secondary damages. The Warranty stated in this paragraph is in lieu of all other warranties, either expressed or implied. With respect to warranties, this paragraph states Buyer’s exclusive remedy and Seller’s exclusive liability.

DESIGN
Because of a policy of continuous product improvement, Seller reserves the right to change design, materials or specifications without notice. There will be a charge for modifying an order after it has been entered when such change or modification results in additional engineering or clerical work for either KITZ or its suppliers.

NOTE
KITZ reserves the right to correct any obvious clerical errors in quotations, invoices and other contracts.

*K-Press warranty is limited to two years.
Pressure-temperature ratings and other performance data published in this catalog have been developed from our design calculation, in-house testing, field reports provided by our customers and/or published official standards or specifications. They are good only to cover typical applications as a general guideline to users of KITZ products introduced in this catalog.

For any specific application, users are kindly requested to contact KITZ Corporation for technical advice, or to carry out their own study and evaluation for proving suitability of these products to such an application. Failure to follow this request could result in property damage and/or personal injury, for which we shall not be liable.

While this catalog has been compiled with the utmost care, we assume no responsibility for errors, impropriety or inadequacy. Any information provided in this catalog is subject to change without notice for error rectification, product discontinuation, design modification, new product introduction or any other cause that KITZ Corporation considers necessary. This edition cancels all previous issues.
